

THE EXPERT IN WATER ENVIRONMENTS

DHI are the first people you should call when you have a **tough challenge to solve in a water environment** – be it a river, a reservoir, an ocean, a coastline, within a city or a factory.

Our knowledge of water environments is second-to-none. It represents **50 years** of dedicated research and real-life experience from more than **140 countries**. We strive to **make this knowledge globally accessible** to clients and partners by channelling it through our local teams and unique software.

Our world is water. So whether you need to save water, share it fairly, improve its quality, quantify its impact or manage its flow, we can help. Our knowledge, combined with our **team's expertise** and the power of our **technology**, holds the key to unlocking the **right solution**.

OUR AREAS OF EXPERTISE

Our expertise spans all water environments – from rivers and reservoirs, to oceans and coastlines, to cities and factories.

Using our global knowledge, our local teams develop tailor-made solutions and provide specialised services to solve your specific water challenges.

- Aquaculture and agriculture
- Energy
- Climate change
- Coast and marine
- Surface and groundwater
- Urban water
- Industry
- Environment and ecosystems
- Product safety and environmental risk

OUR SOLUTIONS

We strive to make our knowledge of water environments globally accessible through our local teams and unique software.

In addition to our research and consultancy services, we support you through our advanced technologies as well as global training and knowledge sharing activities.

- **MIKE Powered by DHI:** Advanced technologies for water environments
- **THE ACADEMY by DHI:** Global training and knowledge sharing activities

OUR GLOBAL NETWORK OF OFFICES

With offices in more than 30 countries across the globe, we deliver locally relevant solutions tailored to meet your specific needs.

OUR PEOPLE ADVANCE OUR GLOBAL KNOWLEDGE AND DELIVER IT LOCALLY

Our highly qualified staff (80% hold an MSc or a PhD) constantly advance our knowledge in water environments. They make this knowledge accessible to our clients and partners.

OUR CLIENTS, OUR PARTNERS

To drive successful projects, we work closely with our clients. We are committed to addressing their specific challenges. We become their trusted advisors because professional integrity is fundamental to us. The clients we work with range from decision makers to water professionals:

- Public authorities and government organisations
- Industry sectors such as ports, water utilities, energy, infrastructure and transportation companies
- Consulting engineers and contractors

QUALITY ENSURES BUSINESS EXCELLENCE

To make sure that we meet our customer's needs, we develop and deliver our products and services under our advanced business management system. This system is certified to be in accordance with the international standard for quality management — ISO9001.

WE ASSOCIATE WITH GLOBAL LEADERS IN WATER ENVIRONMENTS

The industry recognises our expertise, knowledge and credibility. We are proud to be associated with names that make a difference to the world of water.
