IV. FEFLOW USER DAY

MODELING THE WORLD OF GROUNDWATER WITH MIKE BY DHI

Building on the huge success of the previous FEFLOW conferences, FEFLOW 2020 will feature numerous opportunities for business networking, exchanging ideas and further improving your modelling skills.

Highlights include:

- presentations showcasing solutions for challenging problems related to groundwater
- opportunities to meet with the FEFLOW staff
- software demonstrations
- free consultancy with DHI's experts
- workshop
- prelude of FEFLOW Advanced course

We hope to meet you for an memorable event!

KEY DATES

- Registration deadline: 12 Oct. 2020
- User day: 14 Oct. 2020
- FEFLOW advanced course (optional): 15-16 Oct. 2020

LOCATION AND VENUE

ONLINE

PRICE

Free but registration is required

USER DAY PROGRAMME

Wednesday 14 Oct 2020	
9:45-10:00	Login
10:00-10:15	Welcome
10:15-11:00	Advanced geochemical reactions together with aqueous phase flow and transport in FEFLOW
11:00-11:45	Model coupling of surface and subsurface flow systems in FEFLOW
11:45-12:00	Courses, events 2021
12:00-12:15	Q&A, Closing

CONFERENCE TOPICS

piChem

geochemical reactions, aqueous phase flow, and transport

Model coupling

Development, application, calibration/validation, linking with MIKE software
